

PHEASANTS

MEXICALI, BAJA CALIFORNIA

\$ 1,850 USD
5 SHOOTINGS

SEASON: NOVEMBER - DECEMBER

Pheasant hunting in Mexicali is an experience that tests the skill and reflexes of any hunter. These birds are known for their speed and ability to fly in unpredictable trajectories, which adds a significant level of difficulty. Pheasants often take off quickly from the ground with a sudden noise that can surprise, forcing the hunter to react immediately with precision. In addition, their plumage allows them to camouflage themselves in their surroundings, making spotting them and getting close enough a challenge in itself.
